

# HOW to LOVE

dear dorris,

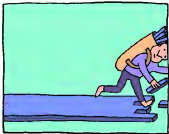

I am a traditional girl  
& I want a guy to sweep  
me off my feet. Will  
this ever happen?

-goofduck

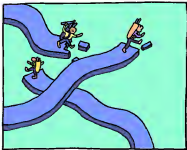

we all build our own path

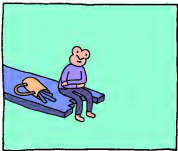

and we then walk along it

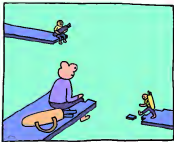

among everyone else.

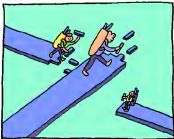

If we wait

we will be less likely to cross  
other paths

If we carry on, we may  
be able to find someone for  
ourselves

but even if we do not find  
anyone

we have still made something  
cool.
